

**Florida School for
the Deaf & the Blind**

Do More. Be More. Achieve More.

June 25, 2020

Dear Parents/Legal Guardians,

We look forward to reopening FSDB in August for campus programs and services. Our administrative team and work groups have been planning extensively for the 2020-21 school year to ensure a successful, safe and healthy learning environment for your child(ren). We know that the success of FSDB and our students depends on the partnership and collaboration between our students' families, our teachers and staff, and our entire community.

FSDB has identified three key objectives for our reopening efforts:

1. Reopen campus and statewide programs in a safe, responsible, and healthy manner.
2. Align and manage resources to meet the evolving needs of reopening FSDB.
3. Communicate effectively - listening, responding and conveying information in a relevant, timely and transparent manner.

You will receive an important survey via email/text. Please share your thoughts and ideas with us by Wednesday, July 1, 2020, so we can incorporate your responses as part of our planning efforts. Our intent is to share the FSDB reopening plan with you this summer.

As we look to the future, we are committed to keeping our students, parents, staff and community engaged, involved and informed. We will continue to share information via Skylert, our website, school newsletters and our Facebook page.

We miss our students and the joy and excitement of our campus environment. Thank you for your partnership and support as we all await Monday, Aug. 10, 2020 - the day when our campus community becomes filled with laughter and the happy faces of students. We truly are FSDB strong!

Sincerely,

Jeanne Glidden Prickett, EdD
President
